

Mario's Restaurant

Mario runs a Mexican restaurant, and he is very busy. He moves from one table to another, writing down all the orders. Below you see how he writes the orders on his order pad.

ORDER	TACO	SALAD	DRINK	TOTAL
1	2	4	--	\$ 10
2	1	2	3	\$ 8
3	3	--	3	\$ 9
4	1	2	--	
5	1	--	1	
6	2	2	1	
7	4	2	3	
8				
9				
10				

- Some of the orders do not have total prices indicated. What are the prices of these orders?
- Make up two new orders and write them in your notebook. Fill in the prices of these orders.
- What is the price of each individual item?
