

Peer Review Groups

Peer Review Forms due: Wed, December 3

Important Note:

Each group should discuss and decide on the way they want to share the draft among them. Possibilities include: paper copies for every member of the group, pdf or Word files sent as email attachments, or sharing via google docs or google drive. Drafts should be made available to group member on November 19.

Please, remember to bring me a paper copy of your draft, your draft cover letter, and your marked proposal on November 19.

Regardless of the mode of draft-sharing your group decided on, peer review comments for each paper assigned to you need to be done on the Peer-Review forms. A Word file of the Peer-Review form may be downloaded from the course's webpage. **We will work-shop the drafts in class on December 3.** Make sure you attend class that day to give and receive feedback on papers. Bring a paper copy of the filled peer review form for each paper assigned to you, and be ready to discuss your comments on the peer review forms with your "authors."

I will circulate among the groups and make a record of your filled peer review forms during the workshop. You will receive a 10 point group-work credit for fulfilling this assignment.
