

Peer Review Groups

Peer Review Forms due: Tuesday, November 28

Important Note:

Each group should discuss and decide on the method they want to use for sharing the draft among themselves. Possibilities include: paper copies for every member of the group, pdf or Word files sent as email attachments, or sharing via google docs or google drive. Drafts should be made available to group members on Tuesday, November 14.

Please, remember to bring me a paper copy of your draft and your draft cover letter on Tuesday, November 14. In the cover letter of your draft, let me know how did your own group decide to share drafts.

Regardless of the mode of draft-sharing your group decided on, peer review comments for each paper assigned to you need to be done on the Peer-Review forms. A Word file of the Peer-Review form may be downloaded from the course's webpage. **We will work-shop the drafts in class on Tuesday, November 28.** Make sure you attend class that day to give and receive feedback on papers. Bring a paper copy of the filled peer review form for each paper assigned to you, and be ready to discuss your comments on the peer review forms with your "authors."

I will circulate among the groups and make a record of your filled peer review forms during the workshop. You will receive a 10 point group-work credit for fulfilling this assignment.
